At the time when the opening of the ~~Engineering~~ Engineering School at Mysore was sanctioned, it was thought by the Dpt of Education that the necessary instruments and books could be purchased from the provision made in the budget of the Mysore Industrial school for the year 1903-1904"

It is now reported that the actual requirements amount to Rs 2,688 (Rs 2461 for instruments and Rs 207 for books, lists of instruments and books req^d have been submitted

It is also reported that no savings could be expected from the sanctioned budget for 1903-04 of the Ind^l + Skl schools)

In these circumstances the

In receipt of letter No. 6604. dated the 1st Dec 1903 from the Chief Engineer of Mysore.

The Chief Engineer states that all the instruments and books mentioned in the indent received from the Dpt. of Education are necessary

He further states that the following instruments can be spared from the stores (D.C.W.

Name of Instrument	No. that can be spared	No indented for	Value of the available instruments as per indent
Levels with stands	2	3 -	660
Prismatic compass	4	4 -	400
Chain Tracers	2	2 -	110
Cross staff	4	4 -	28
Optical squares	4	4	72
Set squares -6"	3	5	4
		Rs	1274

If it is ordered that the Chief Engineer should send the above instruments from his stores, the indent (which is for Rs 2668 may be reduced by Rs 1274 (probable) i.e. to Rs (2668-1274) 1394 or to a lumpsum of Rs 1400-

This will have to be sanctioned as a supplemental charge for the year 1903-1904, as there is no provision in the budget

Branch 14 General (Education)

Subject Letter No 9595/385 dt the 29th April 1104 from the DPI of Edn requesting sanction to a Sum of Rs 3062 for meeting certain charges required for the Engineering School at Tuyere

The present cost of the School is Rs 334 per mensem or Rs 4008 per annum as shown below —

1	Head master	—	Rs 200
1	Asst master (40-2-50)	"	50
2	Lascars at Rs 6 each	"	12
2	peons at " 6	— "	12
	Contingencies	— "	30
	Total		Rs 334 p.m.

The DPI states that the following additional charges are required

1)	2 additional lascars at Rs 6 each		144
2)	Increase of contingent allowance from Rs 30 to 50		240
3)	Probable cost of instruments to be purchased		1000
4)	Misc furniture		750
5)	Library and Reading Room charges the cost of periodicals		250
6)	Travelling allowance		300
7)	Rent (at Rs 31½ p.m.)		378
	Total		3,062

Rs 3012 ref

A proposal for increasing the to Rs 250 has also been made in para 4 of the DPI's letter

The DPI states that the amount will be utilized only after a further reference to Govt

Of the above 7 items of additional charges Nos 3 and 4 amounting to 1,750 are of an initial nature while the others amounting to Rs 1,392 are Recurring charges.

The Reasons for these additional charges are explained in the I Gl's Memo. Items 1 to 4 amounting to Rs 2,131, are required on account of the addition of classes for the 2nd year's Course of ~~the~~ Sub Overseers and Draftsmen

Out of the amount of Rs 250 req^d for the Library and Reading Room, the I Gl states, that a sum of Rs 50 may be met from the Library Grant of Rs 150 for the Industrial School, upon which may be reduced to Rs 100 as proposed by the Committee The net additional cost required is therefore only Rs 3,062 - 50 = 3,012 The I Gl requests that this amount may be sanctioned and included in the Budget Estimates of Industrial and other Special Schools for 1904-05

Sir,

I have the honour to request that Government may be pleased to sanction an additional grant of Rs 3012 in the Budget Estimate of "Industrial and other Special Schools" for 1904-05, for meeting the following charges of the Engineering School, Mysore

	Rs
(1) Employment of two additional Lascars at Rs 6 each	144
(2) Increase of Contingent allowance from Rs 30 to 50	240
(3) Probable cost of Surveying and Levelling instruments to be purchased	1000
(4) Cost of furniture required	750
(5) Library and Reading Room	250
(6) Travelling allowance	300
(7) Rent at 31½ a month	378
	3062
Amount available in the Budget for Subscriptions to Periodicals	50
Additional amount required	3012

2 I have explained the necessity for these additional Charges in the memo herewith submitted

I have the honour to be,
Sir,
Your most obedient Servant,

H J Brabha
Inspector General

Memo on the additional charges proposed for sanction in the Budget Estimates of the Industrial and other Special Schools Under the Head - III Engineering School, Mysore

E W.7

(1) The School was opened in July last, with two classes for (1) Sub Overseers and Draftsmen and (2) Taluk Mastries respectively Only two lascars are provided in the Budget for the current year Next year there will be one class for Taluk Mastries and Work Inspectors and two for Sub overseers and Draftsmen the Course for these being one of two years Two more lascars on Rs 6 each will be required when these classes are formed for carrying Survey instruments to and from the field of Survey

(2) For the same reason the present Contingent allowance of Rs 30 will have to be raised to Rs 50 a month, Chiefly for the supply of drawing materials, tracing paper &c to a larger number of Students

(3) By Government Order No G $\frac{4081-5}{52}$ dated the 15th February 1904, a Supplemental grant of Rs 2750 was sanctioned for the purchase of instruments and books required for the School and Certain instruments therein mentioned were transferred from the Department of Public Works to the School But

these instruments are mainly those relating to the first years' Course Other instruments will be required in the beginning of next year It is difficult to say exactly what these instruments will cost A Sum of Rs 1000 may be sanctioned, which will not be utilized without the previous sanction of Government

(4) Furniture Rs 890 was sanctioned by Government Order Jl № 1064-5 dated the 24th October 1903 for certain articles of furniture immediately required for the School About Rs 750 will be wanted for furniture, for the use of the class which will be added to the School next Year

X Flag B.

(5) Library and Reading Room These are Very necessary adjuncts to the School Books and Periodicals relating to Engineering are Very Costly To begin with an annual grant of Rs 200, may be sanctioned for three or four years for the purchase of useful books on Engineering A few periodicals treating of Engineering Subjects, will have to be subscribed for also An annual grant of Rs 50 may be sanctioned for the purpose For the Industrial School, Mysore, a sum of Rs 150 is provided for 'Books for the Library' Under I(5) Contingencies The Committee of the Industrial School propose a reduction of the grant to Rs 100 I would suggest that the saving of Rs 50 may be transferred to the Engineering School for subscription to periodicals

21

(6) Travelling allowance &c It is important to supplement the teaching in the School-room by periodical excursions to places where Engineering works of importance exist or are being constructed An annual provision of Rs 300 will be required for the excursions

(7) As I have stated in the Re-appropriation statement submitted to Government through the Comptroller with my letter No 9548/383 dated the 27th April/04, there was not sufficient accommodation for both the Industrial and Engineering Schools in Babarao Bungalow and each was a cause of interruption to the work of the other Nanjegowda's building in Nazarbad has been engaged for the Engineering School at a monthly rent of Rs 31½ in Closure of the water rate A sum of Rs 378 a year is required for payment of the rent
